ATTENTION CHEMICAL RIGHT-TO-KNOW PROGRAM: HPV CHALLENGE

The Dow Chemical Company supports and is an active participant in the HPV Challenge Program, the ICCA Initiative and OECD SIDS through the U.S. EPA and other jurisdictions.

Dow withdraws its commitment for CASRN 630-20-6, 1,1,1,2-tetrachloroethane, because the substance was erroneously reported to our TSCA Inventory Update Reports. Corrections to our 1990, 1994, 1998 and 2002 IUR submissions have been submitted via a letter to EPA.

Sincerely,
